PRESS RELEASE

November 6, 2015

Millennium Studios met with Mayor Tyler before major announcement

Mayor Ollie Tyler was notified this afternoon by Millennium Studios that they will soon “go dark.”

Diego Martinez, of Millennium Studios, informed Mayor Tyler that one staff member will remain to service a production that is currently shooting.

“The City of Shreveport desires for Millennium Studios to remain a viable part of our community,” said Mayor Tyler. “Shreveport remains a great place to film movies.”

Millennium Studios is still under a contractual lease agreement with the City.
